

ILLINOIS

\$606,580,910.00

129 Submarine Industrial Base Suppliers

The ILLINOIS submarine industrial base has received approximately \$606,580,910.00 in purchase order awards which provided highly skilled, high-wage manufacturing jobs producing specialized components and materials. These products include:

- Radar System Components
- Specialty Alloys
- Precision Gears
- High Pressure Pipe
- Specialty Forgings & Castings
- Precision Machining
- Shafts and Couplings
- Main Storage Batteries
- Valves and Piping Components
- Solenoids and Controllers
- Hydraulic Valves
- Electrical Distribution Equipment
- Diesel Generator

Funding listed is the total amount spent or contracted to submarine suppliers over the past five years for major submarine programs. While the maps offer a good representation of the economic impact submarine programs have on communities, it is estimated that thousands of additional lower tier suppliers exist across the U.S. that are not represented.
