

A stylized illustration of a submarine underwater. The submarine is dark grey and has a conning tower. It is positioned above three wavy blue lines that represent the water surface.

\$1,159,521,184.76

145 Submarine Industrial Base Suppliers

The NEW YORK submarine industrial base has received approximately \$1,159,521,184.76 in purchase order awards, which provided highly skilled, high-wage manufacturing jobs producing specialized components and materials. These products include:

- Combat System Electronics
- Steam Generator Components
- Control Valves
- Specialty Valves
- External Communications Equipment
- Electrical Equipment
- Specialty Electrical & Electronic Cable
- Mechanical Hardware
- Turbine Generator Components
- Electronic Equipment
- High Pressure Pumps
- Specialty Castings & Forgings
- Internal Communications Equipment
- Specialty Alloys
- Engineering Services
- Material Handling Equipment

Funding listed is the total amount spent or contracted to submarine suppliers over the past five years for major submarine programs. It does not include funding for the two submarine suppliers. While the maps offer a good representation of the economic impact submarine programs have on communities,

it is estimated that thousands of additional lower tier suppliers exist across the U.S. that are not represented.
