218 Submarine Industrial Base Suppliers

The **CALIFORNIA** submarine industrial base has received approximately **\$6,548,539,115** in purchase order awards which provided highly skilled, high-wage manufacturing jobs producing specialized components and materials. These products include:

- Accelerometers
- Atmosphere Monitoring Equipment
- Control Valves
- Electronic Control Equipment
- High Density Electrical Connectors
- High Pressure Valves
- Main Propulsion Equipment
- Navigation Equipment
- Nuclear Instrumentation
- Quiet Valves and Fittings
- Software Services
- Sonar Equipment
- Sound Insolation Coupling
- Specialized Command and Control Electronics
- Specialty Alloys
- Specialty Hydraulic Valves
- Specialty Machining

Funding listed is the total amount spent or contracted to submarine suppliers over the past five years for major submarine programs. While the maps offer a good representation of the economic impact submarine programs have on communities, it is estimated that thousands of additional lower tier suppliers exist across the U. S. that are not represented.
