\$549,045,255

298 Submarine Industrial Base Suppliers

The **MASSACHUSETTS** submarine industrial base has received approximately **\$549,045,255** in purchase order awards which provided highly skilled, high-wage manufacturing jobs producing specialized components and materials. These products include:

- Dehumidification Equipment
- Electrical and Electronic Equipment
- High Pressure Air Compressors
- Internal Communications Equipment
- Ion Exchangers
- Non-ferrous Specialty Castings
- Periscopes
- Precision Gears
- Purification Filters
- Quiet Hydraulic Valves
- Reactor Control Equipment
- Resilient Pipe Mounts/Sound Isolation Mounts
- Specialty Alloys
- Specialty Forgings & Castings
- Specialty Sensors & Switches
- Turbine Generator Components

Funding listed is the total amount spent or contracted to submarine suppliers over the past five years for major submarine programs. While the maps offer a good representation of the economic impact submarine programs have on communities, it is estimated that thousands of additional lower tier suppliers exist across the U. S. that are not represented.
