274 Submarine Industrial Base Suppliers

The MASSACHUSETTS submarine industrial base has received approximately \$804,447,034.72 in purchase order awards which provided highly skilled, high-wage manufacturing jobs producing specialized components and materials. These products include:

- Turbine Generator Components
- Electrical and Electronic Equipment
- High Pressure Air Compressors
- Reactor Control Equipment
- Specialty Sensors & Switches
- Specialty Forgings & Castings
- Precision Gears
- Dehumidification Equipment
- Periscopes
- Quiet Hydraulic Valves
- Resilient Pipe Mounts/Sound Isolation Mounts
- Purification Filters
- Specialty Alloys
- Non-ferrous Specialty Castings
- Internal Communications Equipment
- Ion Exchangers

Funding listed is the total amount spent or contracted to submarine suppliers over the past five years for major submarine programs. While the maps offer a good representation of the economic impact submarine programs have on communities, it is estimated that thousands of additional lower tier suppliers exist across the U.S. that are not represented.
